

Title: Camp Nurse

Duration: 1 week

Supervisor: Emily Barsic

Basic Requirements: The Camp Nurse is required to distribute prescription medications to campers at the assigned times and in the correct doses. The Nurse will also be responsible for handling minor medical issues such as injuries, illnesses and the distribution of non-prescription medication. The Nurse is expected to travel with the group away from the camp building to the pool, camp fires, hayrides, visiting the horse corral, and fishing and boating at Tucker Lake on Sharing Meadows grounds. Once nursing duties are complete, the Nurse is welcome to join the campers during meals and camp activities such as dancing, games, celebrations with God, group discussions, even crafts activities, OR she/he may have her/his own time (please always let the Camp Director know where she/he is in case of a medical emergency). The Nurse will stay overnight in the Nurse's room in order to be available at all times. The Nurse must act in a conscientious, understanding and caring manner toward the Campers and Staff.

Training or Requirements: Previous nursing experience is required. We will consider RN's, LPN's, medical assistants, and retired nurses. The Nurse must know CPR and first aid. The Nurse must demonstrate patience, tolerance and a compassionate nature when working with other-abled adults over the age of 18. Additional training is provided in the required orientation held an hour and a half before each camp worked

Benefits: Optional \$300 stipend per week of camp
